ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is
Caused by a Germ.

Science is doing wonders these days in
medicine as well as in mechanics. Since
Adam lived, the human race has been
troubled with dandruff, for which no hair
preparation has heretofore proved a suc-
cessful cure until Newbro's Herpicide was
put on the market. It is a scientific pre-
paration that kills the germ that makes
dandruff or scurf by digging into the
scalp to get at the root of the hair, where
it saps the vitality, causing itching scalp,
falling hair, and finally baldness. With-
out dandruff hair must grow luxuriantly.
It is the only destroyer of dandruff.

MENACE GIBRALTAR

Sultan and Germany Plan to Con-
struct Two Ports.

STATEMENT OF M. JEAN HESS

Sultan Will Grant Concession to a Ger-
man Company Subsidized by German
Government. Fear of European War
May Prevent Closing of Bold Deal.

New York, July 11.—M. Jean Hess
the well known traveler and author
of an important work on Morocco, who
is credited with great personal influ-
ence over the sultan, is quoted in a
Paris dispatch to the Times as author-
ity for the statement that Germany
has passed a secret agreement with the
sultan for the construction of two ports
on the Mediterranean coast which di-
rectly menace Gibraltar.

The international conference M. Hess
declares will by arrangement between
the sultan and Germany be brief and
amount to nothing more than the con-
firmation of the sultan's political and
commercial independence and the integ-
rity of the empire.

As soon as this result is achieved, the
sultan, in the exercise of his independ-
ence, will grant to a German company,
subsidized by the German government,
a concession for the construction of the
two ports in question, and the powers
will then be unable to offer any oppo-
sition, being bound by acquiescence in
the decisions of the conference.

M. Hess, thinks, however, that the
fear of provoking a European war which
inevitably would result in the conquest
and partitioning of his own empire, may
in the end prevent the sultan from strik-
ing this dangerous bargain with Ger-
many.

WALKS WITH BULLET IN HIS LUNGS

San Francisco, July 11.—With
a bullet hole through his body,
penetrating his left lung—a
wound that ordinarily means in-
stantaneous death or which brings
stagnant death or which brings
the end within a very few min-
utes—James King walked several
miles from a cove behind
twin peaks, where he had shot
himself with suicidal intent,
to his room at 680 Howard street.
At the general emergency hospit-
al the surgeons are now making
an effort to save his life.

IN NO HURRY TO OPEN.

No Date Fixed For Opening of New Jer-
sey Stock Exchange.

New York July 11.—The fact that the
New Jersey Stock Exchange which it
was thought would be in operation by
this time, has not begun business, does
not according to the promoters, mean
that it has been abandoned.

It was said yesterday by President
E. de Augiero that the organization
was getting along nicely and that re-
quests for membership were constantly

being received. No explanation for the
delay in opening the exchange was of-
fered other than the incomplete arrange-
ments. The officers of the new concern
say that they expect a brisk demand for
memberships if the stock transfer law
is decided to be constitutional.

Suit Over Dyspepsia Pills.

Boston, July 11.—The E. C. Andrews
company, of Lowell, has brought suit
against the Park, Davis Co., of this city
and Milwaukee, to recover damages for
the alleged failure to make 2,000,000
pills designed as a dyspepsia cure ac-
cording to contract and formula.

Opposed to Devlin Receivers.

Topeka, July 11.—The principal diffi-
culty facing the receivers in the Dev-
lin bankruptcy case at present, is an
attempt on the part of the Illinois cred-
itors, to have a trust company in Chi-
cago appointed receiver for the Illinois
properties. Cyrus Leland and J. E.
Hurley, the present receivers, are oppos-
ing this attempt.

SLAP AT IRELAND

The Redistribution Scheme Takes
Twenty-Two Members.

FROM IRELAND'S CONTINGENT

Government Proposals Issued. Outcome
Better than Anticipated. Measures
Will Be Bitterly Fought by Irish and
Liberals in Parliament.

London, July 11.—The government's
proposals for the re-distribution of seats
have been issued. The idea is to give
one member for every 65,000 of popu-
lation, thereby abolishing the constitu-
encies having populations under that
figure. The effect of the proposals will
be a gain of 17 seats to England, one
seat to Wales and four seats to Scot-
land, and a loss of 22 seats to Ireland.
The re-distribution scheme is regarded
as being in the nature of a compromise.

On a strict basis of population, Ire-
land is now considered to have thirty
more members in Parliament than she
is entitled to and that she will only
lose 22 members under the new ar-
rangement is a more favorable out-
come than had been anticipated. The
scheme nevertheless will be fiercely op-
posed by both liberals and Irishmen.

TO ARREST COLLINS

Warrants Issued for California Big-
amist and Second Wife.

DID NOT APPEAR IN COURT

Startling Developments in Bigamy
Case of Frisco Attorney Who Mar-
ried Clarice McCurdy. Second Wife
and Her Mother Will be Arrested.

San Francisco, July 10.—Warrants
have been issued for the arrest of
George D. Collins, the San Francisco
attorney, whose trial on the charge of
bigamy, was supposed to proceed in the
Superior Court, today, Clarice McCur-
dy, Collins' alleged second wife, and
Mrs. Sarah McCurdy, her mother.

When the case against Collins was
called in court this afternoon, the de-
fendant failed to appear. According
to the statements of Frank V. Kingston
an attorney and clerk in Collins' office
and "Bogie" O'Donnell, a driver of au-
tomobiles, who were summoned to court,
Collins, with his second wife and moth-
er-in-law left their home last Friday
evening in an automobile, boarded a
launch at the foot of Van Ness avenue,
and crossed the bay to Oakland where
three railroad tickets were purchased
for Sacramento. The empaneling of the
jury was to have begun today. Failing
to appear, Collins' bond for \$3,000 was
warrants issued for the apprehension
of the missing attorney, his wife and
mother-in-law.

Cotton Magnate Suicides.

Charlottesville, July 11.—A special from
Darlington says that R. Keith Dargan,
formerly president of the Independent
Cotton Oil company and the Darlington
Trust company, committed suicide to-
night. In a note he mentions his fi-
nancial troubles. The oil company was
capitalized for a million dollars. It is
rumored the deficiency may reach \$700,-
000. Important developments are ex-
pected.
